## SUMMARY

A highly organized and hard-working individual looking for a responsible position to gain practical knowledge and showcase my technical skills. I have been working in web technologies and have strong FrontEnd web development knowledge.

## PROFESSIONAL EXPERIENCE

### Software Developer ( 02 / 2024 - Present )

Mind Coders, Indore, Madhya Pradesh, India

- As a Software Developer at Mind Coders, I create and maintain frontend components using HTML, CSS, JavaScript, and React.js. I collaborate on cross-functional teams to design responsive interfaces that meet project requirements and client expectations, contributing to project success and organizational goals through continuous learning and growth.

## INTERNSHIP

### Frontend Developer Intern ( 10 / 2023 - 01 / 2024 )

Mind Coders, Indore, Madhya Pradesh, India

- As a Frontend Developer Intern at Mind Coders, I collaborated on user-friendly web interfaces, gaining hands-on experience in HTML, CSS, JavaScript, and React.js.

## EDUCATION

### Bachelor Of Technology ( 2019 - 2023 )

Acropolis Institute of Technology and Research, Indore

### Higher Secondary Education ( 2018 - 2019 )

Morning Star Chidren's Sr. Secondary Academy, Orai, U.P.

## TECH SKILLS

- Languages : Javascript
- Database : MySQL, MongoDB
- Frontend : HTML, CSS, JavaScript, React.JS, Redux, Tailwind, Bootstrap, MUI
- Backend : Node.Js, Express.Js
- Others : VS Code, Git, Github, Postman

## PROJECTS

### CRM ( Customer Relationship Management )

CRM ( Customer Relationship Management ) is used to optimize customer interactions, streamline business processes, and leverage data for informed decision-making.

- Frontend:-** React.js and Bootstrap for responsive and dynamic user interfaces.
- APIs Integration:-** Integrating APIs into a CRM system enhances its functionality by connecting with external services.
- Features :-** User Dashboard, Lead tracking and Distribution, Team management, Search and Filtering.

### i-Magnus

i-Magnus - an e-Learning Management System (LMS) tailored for MPPCS (Madhya Pradesh Public Service Commission) government exam preparation.

- Frontend:-** React.js and Bootstrap for responsive and dynamic user interfaces.
- Video Lectures:-** Integrated a video streaming feature for delivering course content efficiently.
- E-Learning Features :-** Course Buying, Video Lectures, Test Series.

### e - Commerce Website

Built an e-commerce website with API integration involves creating a user-friendly platform that connects to various e-commerce APIs for real-time data on products, and inventory.

- Design the home page in React, utilizing Bootstrap to display product data in card format, categorizing products.
- Authentication :-** Implement user login and signup APIs.
- Product Management :-** Create APIs for adding, deleting, updating, and searching products.
- Tech Stack :-** Utilize React with Bootstrap for the frontend, Node.js and Express.js for the backend, and MongoDB for data storage.

## COURSE

- Full Stack Development - Physics Wallah
